Our Mission

Titusville Area Hospital is committed to providing quality healthcare services with an emphasis on personal attention, compassion, and respect.

Our Vision

Titusville Area Hospital will be an excellent community hospital defined as:

- *Providing access to high quality healthcare services enhanced by high-end technology appropriate to community need.*
- *Maintaining a highly qualified medical and support staff in a positive working environment focused on excellence.*
- *Remaining on a solid financial foundation.*

Our Values

- *Meet or exceed community standards for care expectations of patients and families.*
- *Maintain a positive and fulfilling working atmosphere that both motivates and allows caregivers and support staff to give their best.*
- *To ensure that the organization is adequately compensated for services provided, thereby maintaining viability as a critical regional healthcare and economic asset.*

Message from the CEO

Lee M. Clinton, FACHE
Chief Executive Officer

Titusville Area Hospital (TAH) is committed to grow, add services, and remain a locally governed independent health system. Over the last five years, we have successfully renovated key areas of our hospital, including the Oncology Department and the Intensive Care Unit. These projects have allowed TAH to offer additional specialty services to our patients.

Our commitment to improving patient care doesn't stop here. We are continuously exploring new ways to enhance our facilities and services. As we look to the future, our goal remains clear: to provide exceptional healthcare tailored to the needs of our community. We are grateful for the support from our staff, patients, and the entire community.

Currently, TAH offers the following services:

- Audiology
- Behavioral Health
- Cardiac Rehabilitation
- Cardiology
- Dental Services
- Dermatology
- Diagnostic Imaging
- Emergency Department
- Gastroenterology
- General Surgery
- Hospice & Palliative Care
- Intensive Transitional Care
- Medical/Surgical Unit
- Nephrology
- Neurology
- Obstetrics & Gynecology
- Oncology
- Orthopedics & Sports Medicine
- Otolaryngology (ENT)
- Outpatient Lab
- Outpatient Physical Therapy
- Pain Management
- Pediatrics
- Podiatry
- Speech and Occupational Therapy
- Urology
- Wound Care

SPONSORSHIPS TO
COMMUNITY ORGANIZATIONS

Community Benefit

Titusville Area Hospital is **MORE** than a hospital. TAH believes that it is crucial to be active in the community. TAH supports numerous agencies throughout the service area through monetary donations, participating in events, offering screenings and providing healthcare related education.

TAH offers many classes and educational opportunities to the public throughout the year. TAH representatives provide information about services, classes and education during community events such as, Oil Fest, the Crawford County Fair, YMCA events and many more. Among the classes offered are CPR, Advanced Cardiac Life Support, First Aid and AED training. The Community Blood Bank comes to TAH every other month to conduct blood drives to keep blood local.

TAH participates in national celebrations such as lab week, imaging week, hospital week, quality week, and doctors' day just to name a few. These special acknowledgements help to foster employee engagement and ultimately show the appreciation TAH has for all of the staff members.

TAH also welcomed Heather Hunter, AT-C, as new Athletic Trainer at Titusville Area School District to enhance the school's athletic programs with her expertise and support. As the athletic trainer, Heather will play a crucial role by focusing on injury prevention, providing immediate care and rehabilitation, and managing injuries during practices and games. She will collaborate with healthcare professionals and maintain detailed records of injuries and treatments, all while ensuring the safety of student athletes.

Investing for the Future

TAH is pleased to announce the completion of the Intensive Care Unit (ICU) update. This space has had minimal aesthetic updates since the last large ICU renovation 30 years ago. While the ICU has continued to serve patients effectively over the decades, the unit needed a facelift to better reflect the high standard of care provided by TAH's clinical team. The updates focused on improving the overall look and feel of the space, creating a more welcoming and comfortable environment for patients, families, and staff. Improvements included new flooring, fresh paint, upgraded room features, modernized storage and an updated nursing station. The refresh began in

May 2025 and in a quick 3-week turnaround, was completed. Great care was taken to minimize any disruption to patient care throughout the process. Staff worked to ensure a smooth transition during the brief update window.

"While the core functionality of the ICU remained strong, the space had not seen any significant visual updates in quite some time," said Kim Schell, Chief Nursing Officer. "We wanted to create an environment that promotes healing and comfort for our patients. We are proud to unveil the newly renovated ICU at Titusville Area Hospital and excited to continue modernizing our facility to better serve the community."

High Quality Healthcare

General Surgery

In August, 2024 TAH expanded General Surgery and welcomed Dr. Rona de la Vega, DO. Dr. de la Vega brings a wealth of experience and expertise to our community. She completed her undergraduate studies in biology at Saint Mary's College in Notre Dame, Indiana, before gaining valuable experience as a laboratory technician at the University of Pittsburgh for nearly eight years. She then pursued her medical degree at Philadelphia College of Osteopathic Medicine. Dr. de la Vega completed her General Surgery Residency at St. Barnabas Hospital in Bronx, New York. She now brings her extensive skills to Northwest Pennsylvania, joining Titusville Area Hospital (TAH) and Meadville Medical Center.

Internal Medicine

TAH welcomed Shawn Leslie, MD to the internal medicine team as a hospitalist and provider at Oil Valley Internal Medicine Group in Titusville. Dr. Leslie earned her medical degree from Temple University School of Medicine in Philadelphia, PA, and completed her residency at Lehigh Valley Health Network in Allentown, PA. With a strong background in internal medicine and a patient-centered approach to care, Dr. Leslie brings valuable expertise to the community.

ENT

TAH welcomed Otolaryngologist, Renu Paneru, MD. With over six years of clinical and research experience, Dr. Paneru is a fellowship-trained surgeon in rhinology, having received her training from one of the top academic institutions in the United States. She specializes in chronic sinusitis, nasal polyposis, minimally invasive sinus surgery, tonsil and adenoid surgery, allergy testing and hearing loss.

Titusville Area Hospital Recognized for Supporting Organ Donation

TAH is receiving statewide recognition for its efforts to support and raise awareness about organ, eye, and tissue donation. TAH was honored with a platinum designation through The Hospital and Health system Association of Pennsylvania's (HAP) 2025 Donate Life Pennsylvania Hospital Challenge. The annual campaign

encourages Pennsylvania hospitals to increase organ, eye, and tissue donation awareness within their hospitals and communities. HAP partnered with the Pennsylvania Department of Health and organ procurement organization- the Center for Organ Recovery & Education to support the challenge. "TAH is honored to support and take part in the Donate Life Hospital Challenge, an annual effort that enhances education for medical staff and raises public awareness about the life-saving importance of organ donation and donor registration through hospital-led activities and education," said Lee Clinton, CEO of TAH.

TAH participation in the challenge included a public Donate Life flag-raising ceremony, Blue and Green Day activities, social media posts, public advertising and free educational handouts and information throughout the hospital. These activities continued during the month of April and contributed toward the platinum designation for the hospital's efforts in this challenge.

"Hospital teams rely on organ, eye, and tissue donors to save lives and give patients a chance for a bright future," said HAP President and CEO Nicole Stallings. "Pennsylvania hospitals and our partners have done an outstanding job of supporting and raising awareness about donation. We applaud the hospital teams who participated in our annual challenge and demonstrated their strong commitment to improving the health of their communities."

TAH was among over 121 hospitals statewide participating in this year's challenge. For more information visit Titusvillehospital.org.

EXTRAORDINARY NURSES at Titusville Area Hospital

The DAISY Foundation is a not-for-profit organization, established in memory of J. Patrick Barnes, by members of his family. Patrick died at the age of 33 in late 1999 from complications of Idiopathic Thrombocytopenic Purpura (ITP), a little known but not uncommon auto-immune disease. (DAISY is an acronym for Diseases Attacking the Immune System.) The care Patrick and his family received from nurses while he was ill inspired this unique means of thanking nurses for making a profound difference in the lives of their patients and patient families.

Nurses may be nominated by patients, families, and colleagues. The award recipient is chosen by a committee at TAH to receive The DAISY Award. Awards will be presented throughout the year at celebrations attended by the Honoree's colleagues, patients, and visitors. Each Honoree receives a certificate commending her or him as an "Extraordinary Nurse." The certificate reads: "In deep appreciation of all you do, who you are, and the incredibly meaningful difference you make in the lives of so many people."

Sally Dunham has been named the 2024 Daisy Award Honoree. With 30 years of dedication to nursing at TAH, Sally has embodied the qualities of compassion, expertise, and care that make her an exceptional role model. Congratulations to all the 2024 Daisy Award nominees:

Sara Albegiani, Deanna Buck, Katie Carroll, Melissa Carter, Bev Confer, Eric Danielson, Christopher Frye, John Kahele, Bethany Kerr, Kelly King, Athena Lamey, Roxanne LaRocque, Trish Leach, Mandy Marsh, Lynn McGarvie, Amanda McMunn, Angie Russell, Samantha Vandeventer and Teresa Waddell.

Thank you again to Sally and all the nominees. Your compassion and dedication makes a lasting impact.

"We are proud to be among the healthcare organizations participating in The DAISY Award program. It is important to show our nurses their work is highly valued, and The DAISY Foundation provides a way for us to do that," stated Kim Schell, Chief Nursing Officer.

If you would like to nominate a TAH nurse please visit: <http://www.daisynomination.org/4963> or pick up a nomination form at the hospital. Nomination forms can be mailed to the hospital, all information is provided on the forms. Nomination collection boxes are also available within the hospital, located in the main lobby and on the medical floor (2nd). More information is available at <http://DAISYfoundation.org>.

2024 Employee Service Recognition Awards

These are employees who reached a five-year milestone between July 1, 2024 and June 30, 2025. They were awarded certificates and given gift cards to celebrate their dedication to TAH.

Grants and Contributions

The Foundation received multiple grants and numerous donations from families and organizations this past fiscal year, totaling \$197,487.93. A list of grants received this fiscal year can be viewed below. The Foundation is extremely grateful for the generosity of so many individuals and organizations.

- Five M Foundation, \$12,500.00-Therapy Expansion
- Fred Litner Fund, \$3,561.00-Therapy Expansion
- John Nesbit Rees and Sarah Henne Rees Charitable Foundation, \$95,000.00-Intensive Care Unit
- John Nesbit Rees and Sarah Henne Rees Charitable Foundation, \$30,000.00-Therapy Expansion
- Fleming Family Foundation, \$25,000.00-Therapy Expansion
- Dr. & Mrs. Arthur William Philips Charitable Trust, \$25,000.00-Therapy Expansion
- Greater Titusville Development Foundation, \$2,995.50-Out-Patient Physical Therapy
- Crawford Heritage Community Foundation, \$2,431.43-Intensive Care Unit
- Bridge Builders Community Foundations, \$1,000.00-Exam Table at Tionesta Health Center

Golf Scramble

Raising over \$39,000 towards the therapy expansion project, this year's golf scramble was a giant success! Thirty-six teams, many sponsors and volunteers made this possible.

Many of the new services and renovations have been partially funded by generous donors in the community. To support TAH through a tax-deductible donation, visit [Titusvillehospital.org](https://titusvillehospital.org) or call the Foundation at 814-827-8717 to learn more.
